Sky made a suggestion.

"Let us fill this Land with  
Life to welcome our Royalty."

And though Earth  
and Light agreed,

Darkness thought  
otherwise.

"The beings that are  
to come will destroy us."

He had listened to Darkness,  
and so Life began on Earth.

I give refuge without  
hope to those that possess  
you and thousands of them.

From plowing spores to trees that  
endure past thousands of years. There  
were those that dwelt the ocean's depths  
and those that soared high in the sky.

The living organisms  
began to see, hear, and move.

And suddenly did they long  
to know more, to action more, to pull  
more up the world around them.

And so the earth was filled with ever-changing organisms.

One day a little  
being with little eyes

gave birth to the form of a human;

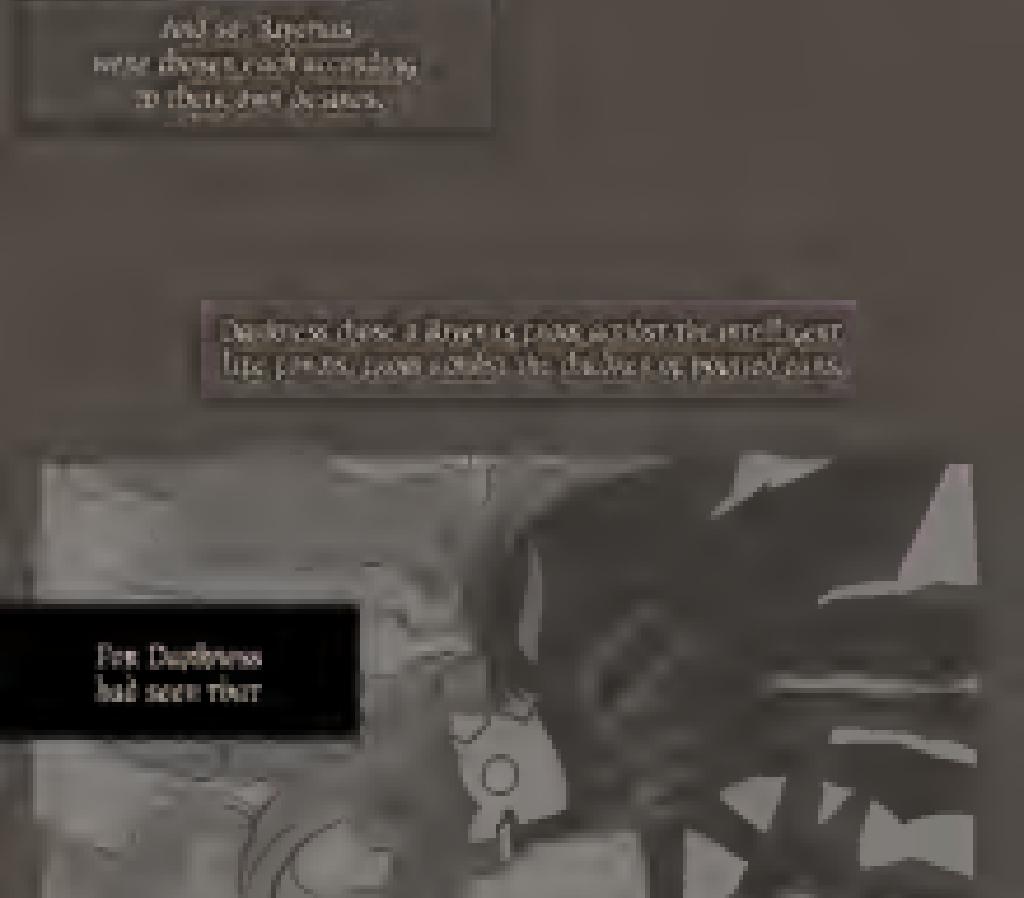

the section the  
very first Rayettas.

And the Rayettas  
were chosen and according  
to their just deserts.

Darkness chose a Rayettas player under the intelligent  
hope that he would match the darkness of his colleagues.

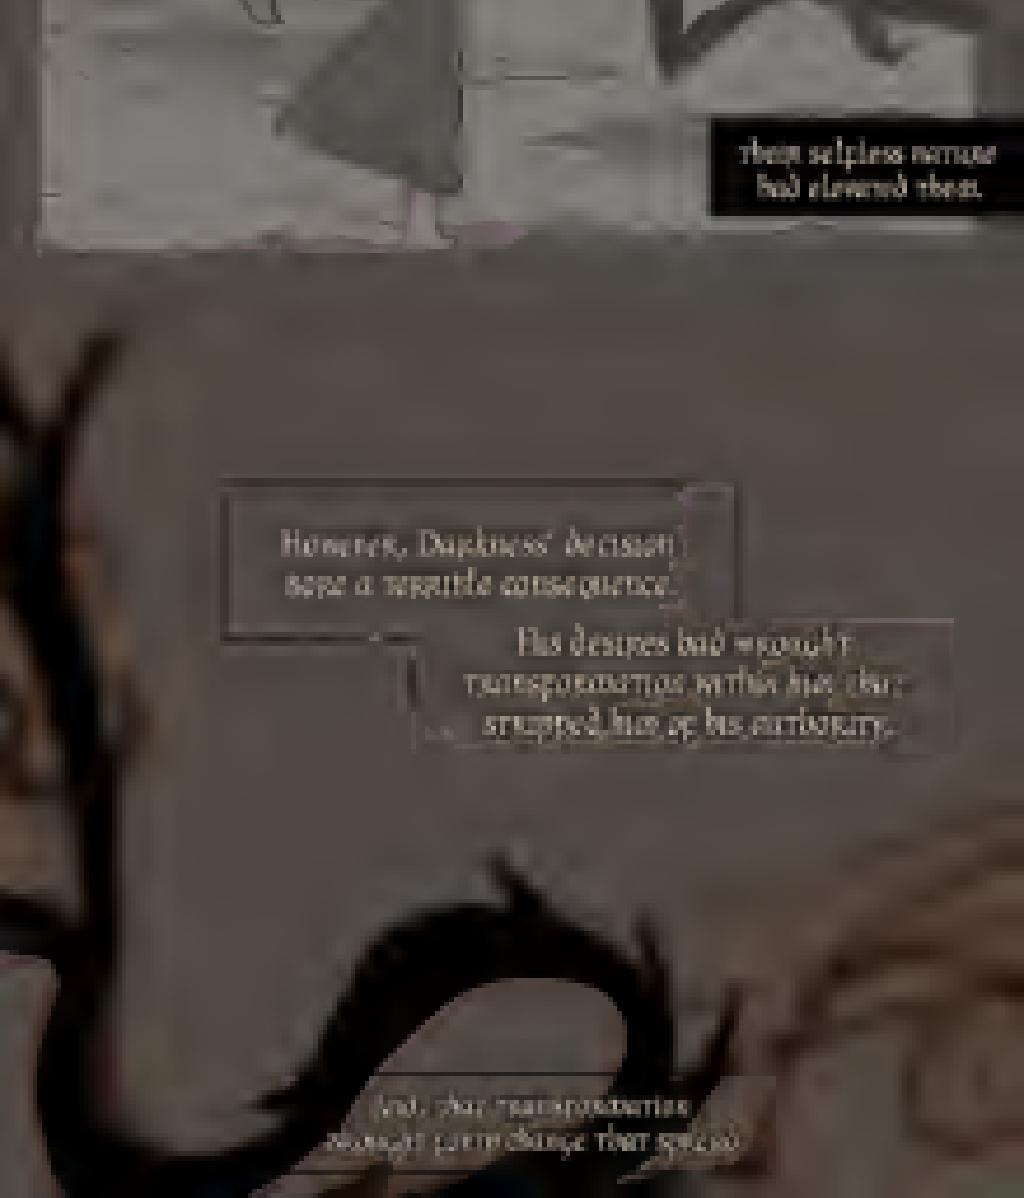

For Darkness  
had seen that

their selfish names  
had claimed them.

However, Darkness' decision  
bore a terrible consequence.

His desires had brought  
transgressions within his dark  
strapped lines of his arbitrariness.

And when that darkness  
had given charge that

that it takes to be sold online.

who, in turn,  
spread it further.

as though it were a  
disease plaguing the world.

This change spread  
at an unprecedented rate.

and repudiated the  
decision he had made.

Over and over.

Darkness, following the laws of the world,  
was not allowed to interfere.

All he could do was  
to watch over the  
consequences of his choice.

They domed; they destroyed; they stole; they trampled;

they expelled; they harred; and they murdered.

They continued to pursue over the waters and the lands.

They spelled it *slush*; then they spelled *more* *slush* and even more they spelled.

Screams, cries and shouting came to a stop.

It is a *regarding* *on* *the*

When *bravery* *push* *a* *change*,

*which* *they*, *again*, *denied*, *trumped*, *and* *ripped* *apart*.

This never-ending cycle continued –

Daylong, drenching in  
his own shame and  
suspicion, agonized over  
the *possibilities* he had *crossed*.

"How did things  
turn out this way?"

"What was so wrong  
about my decisions?"

"Was it so wrong to want  
to end the cycle of change  
in order to bring stability?"

There had long since swallowed Earth and Sky

and just as the last star was falling out of the sky,

Light, who had enveloped the world, disappeared,  
and brought with it an unquiet revelation.

LEAH FLANDERS

Abh...

**There was naught left but to despair and die.**

**LONE MAN**

Darkness strayed from his path.

Earth, Sky, Sea and the ponds disappeared.

And so, Darkstar, who had appeared at the End of the World  
wept and wept,

Low

never to be seen again.

Never...

An old story passed down through  
the generations of Alaska.

BOOM

BOOM

PROBLEMS

DARK! ATTACK EREN!

BOOM

PROBLEMS

IT'S AN "ORDER!"

6000

DARK!!

It's useless.  
The Akkem cannot  
attack me.

Although I now  
dwell in this vessel,  
I was once their 'god.'

If you want to  
destroy me, you can't  
use an Akkem.

In other words,  
I can only be attacked  
by humans. Take yourself  
for example.

But I must say,  
you take after your father  
that you and he agree much  
after getting involved  
with it now...

In fact, your  
judgement has greatly  
lapsed since then

LONE WOLF

...What...

Are you the  
potentifield?

Have you been  
controlling me this  
entire time?

Everything I've done:  
was it all instigated by you?  
Even my mouth?

Now now,  
calm down, my young  
human prince.

I can't create  
something from  
nothing –

BOOM!

Though  
I did push things  
along a little

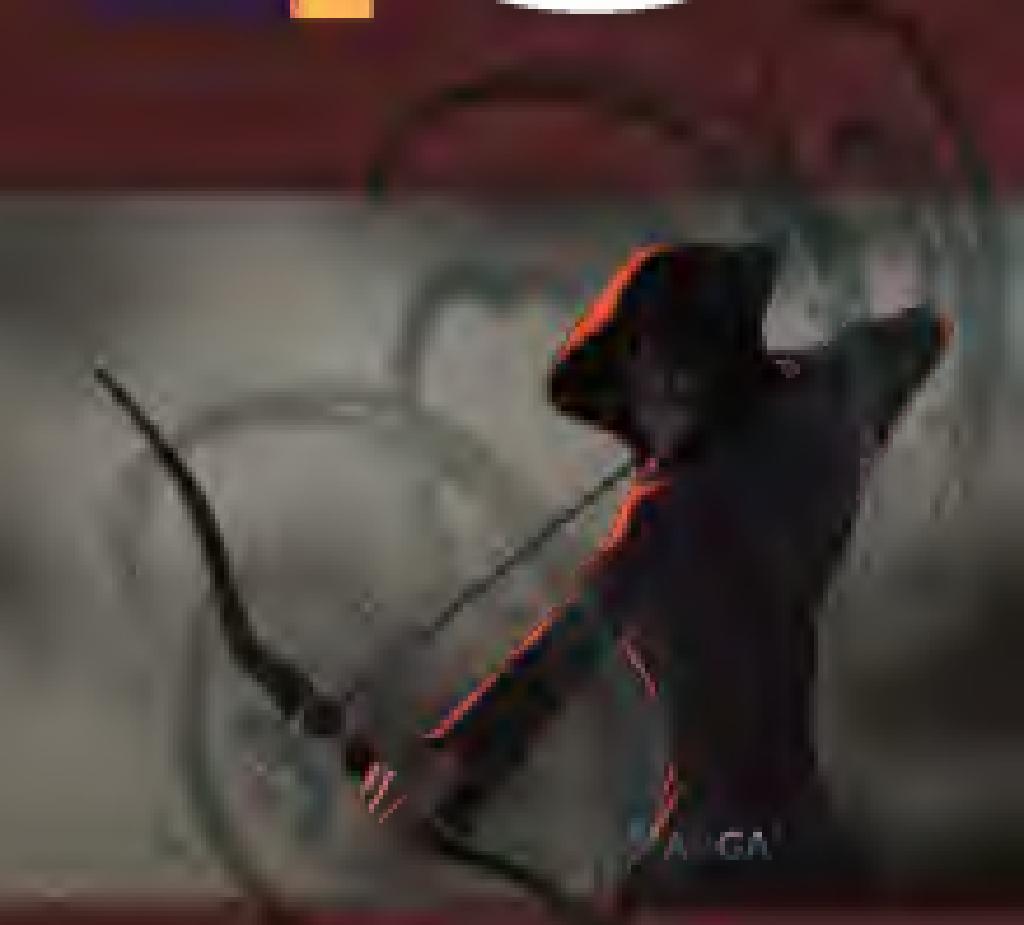

There's no  
need for you to be  
concerned.

Even if I had not  
intervened, your actions  
would not have changed.  
Such things are within  
your nature, after all.

But for you to be  
so easily surprised  
and unaffected was  
honestly, disappointing.

Dark.  
Capture that  
human.

WANG!

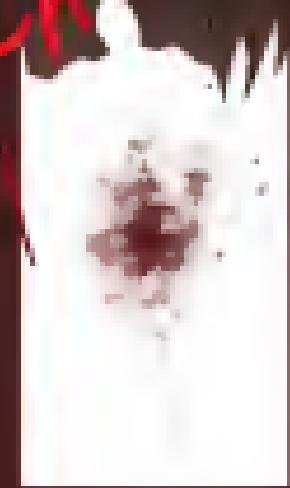

WANG!

BOOM

HACK

It would be a waste to leave the Spear of Zelinstrik in the hands of a defective product.

Contract severed.

## THE KING HAS DISAPPEARED. YOU SAY?!

BANG!

He's been missing  
since the morning.

How is the  
search going?

It continues,  
but to no avail.

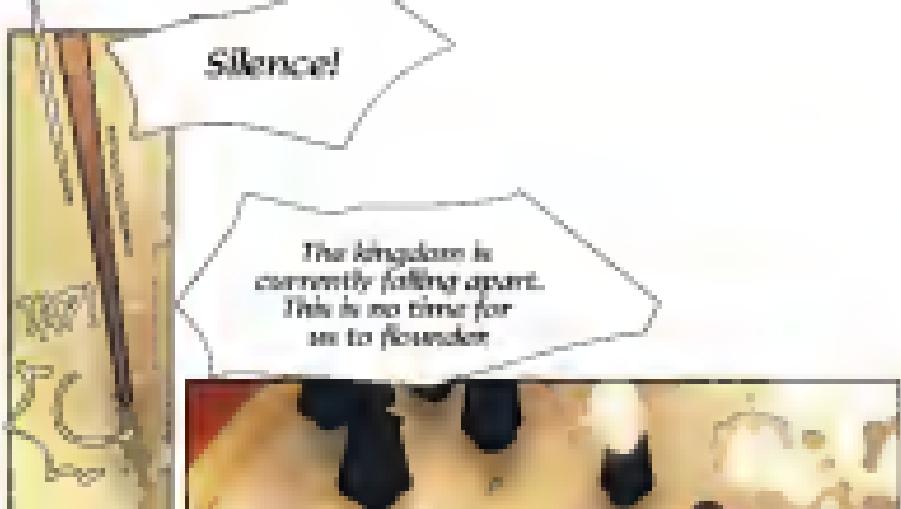

The King's health  
continues to decline and  
his memory is dwindling.  
He needs rest in order to  
re recuperate and, yet—

How could he just  
go off somewhere  
himself?

Especially  
at a time like this,  
when so many have  
died and the court is  
in disarray.

Silence!

The kingdom is  
currently falling apart.  
This is no time for  
us to flounder.

We have the king's son -  
the sole heir and successor  
of the throne

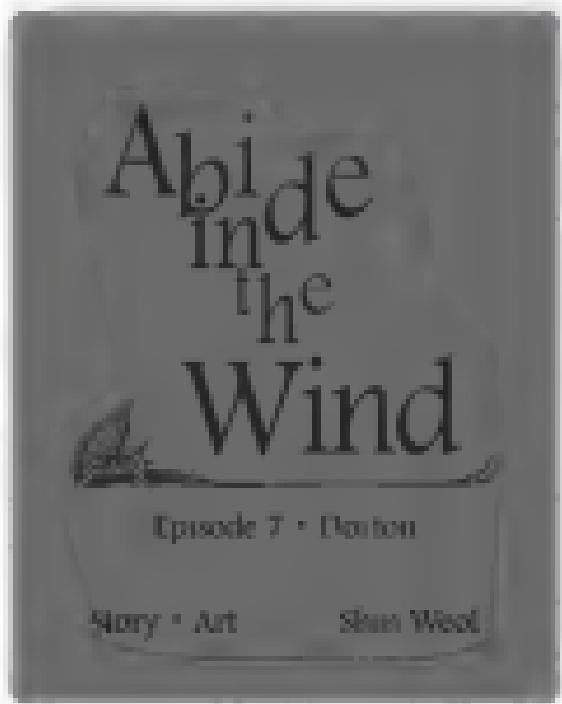

In an emergency  
like this, that child should  
be right by my side

Therefore,  
I will personally go to  
visit him in Dorsen.

And I will receive  
him in my embrace.

And I will receive  
him in my embrace.
